

Why eSentire

See why over 2,000 organizations choose eSentire to take their security program to the next level and accelerate what's possible.

eSentire Managed Detection and Response combines AI-driven security operations, multi-signal attack surface coverage and 24/7 Elite Threat Hunters to help you take your security program to the next level.

When you're being asked to do more with less, good isn't good enough.

It's time to make the switch to eSentire. [Expect Next Level MDR.](#)

We do more than Managed EDR – and Multi-Signal Matters

- ✓ eSentire MDR means multi-signal telemetry and complete response
- ✓ We provide comprehensive visibility across your layered attack surface, delivering rapid correlation, deep investigations, and multiple points of contextual awareness + response
- ✓ Our signal sources include network, endpoint, log, cloud, email, and identity and vulnerability data

Atlas XDR is the AI-driven command center behind eSentire's Predictive Threat Defense Network

- ✓ Our Atlas XDR Platform provides security, reliability, and redundancy at scale and on demand, so our services can grow with your business
- ✓ Our scalable, distributed XDR platform continuously ingests and correlates millions of threat signals across your environment, giving you complete attack surface visibility
- ✓ Patented machine learning models and expert AI eliminate noise and automatically block known high-fidelity malicious threats, including zero-day attacks, every single day
- ✓ Automated defenses block malicious IOCs and IPs known to eSentire over 3M times per day
- ✓ Embedded, agentic AI applies normalized data, investigation workflows, and expert playbooks refined over millions of hours and thousands of environments
- ✓ Low-code orchestration accelerates expert decision-making – not just task automation.
- ✓ You tap into a protective network where every threat neutralized and every attack contained raises the collective defense across our entire 2000+ customer base. Atlas acts as your unified command center – powering rapid, precise, and explainable outcomes at scale

24/7 LIVE support anytime and every time you need it most

- ✓ 24/7 SOC Support for security event monitoring and eyes on glass
- ✓ 24/7 Unlimited Threat Hunting and Incident Handling, Elite Threat Hunters and Threat Response Unit
- ✓ Get unlimited Incident Response with threat suppression guarantee – anytime, anywhere

We support your end-to-end risk management with strategic services, threat disruption and incident response offerings

- ✓ **Continuous Threat Exposure Management** - CTEM and advisory programs that identify security gaps and build proactive strategies to address them.
- ✓ **Managed Detection and Response** - Combine AI-driven security operations, multi-signal attack surface coverage and 24/7 Elite Threat Hunters to help you take your security program to the next level.
- ✓ **Digital Forensics and Incident Response** - eSentire Digital Forensics and Incident Response services are available as IR Readiness, Incident Response Retainer or Emergency Incident Response Services.

The Power of the eSentire Cyber Resilience Team

- ✓ **24/7 SOC Cyber Analysts** - We offer 24/7 live support and act as an extension of your team to provide 24/7 threat monitoring, containment and remediation.
- ✓ **Elite Threat Hunters** - We rapidly detect and contain attackers that bypass your security controls—before they can accomplish their objectives.
- ✓ **Threat Response Unit (TRU)** - We protect your organization against known and unknown threats by leveraging contextualized human-driven intelligence on the threat landscape, developing original threat detections and advanced analytics based on the latest TTPs.

Security Leaders Count on eSentire to Prevent Business Disruption
